### MOU with SMU for Startup Mentorship

On Friday, 3 September morning, Society President Dr Charles Chow and the recently appointed Singapore Management University President Professor Arnoud De Meyer signed an MOU for TDB-ie members to mentor SMU-incubated start-ups. The Society will support SMU's Institute of Innovation and Entrepreneurship's effort in helping student start-ups grow into overseas markets. In his remarks, Dr Chow said that the collaboration enables the internationally connected TDB-ie alumnus to help nurture high potential local startups and the newly minted entrepreneurs to tap on the wide networks of the society to go global.
